PROJECTS

Sales & Regional Performance Dashboard | Power BI 2026

- Designed an interactive **Power BI** dashboard to analyze financial metrics, tracking **$33.9M Total Due** and **30.09M Sub Total** across 1K orders.
- Mapped order volume geographically using **Map Visuals** to evaluate regional market performance across global territories.
- Optimized financial performance tracking by building interactive Donut & Area Charts, enabling faster data-driven decision-making across regional markets.

Amazon Sales & Profit Analysis Dashboard | Tableau 2026

- Developed an interactive Tableau dashboard to analyze Amazon performance, tracking **$2.35M in Total Sales**, **$283,240 in Total Profit**, and a **12.06% Profit Margin** across **4,117 orders**.
- Analyzed product sub-category performance using bar charts, identifying top revenue drivers like **Bookcases**, **Copiers**, and **Appliances**.
- Built geographic map views to assess sales distribution per country, alongside multi-year trend lines (**2011–2014**) to track seasonal demand patterns and financial growth.
